Our kids are raised on a CAE preventative program--heat-treated colostrum and pasteurized milk. We require a \$100 deposit on kids ordered, with the balance due within 2 weeks of notification of the birth of your chosen kid(s). If the kid is not born, or for some other reason we choose not to offer it for sale (in case of a defect or other unforeseen problem) we will immediately refund your deposit or you may choose to take a replacement kid. **We will not refund the deposit for cancellations.** All health papers, shipping crate, and cost of shipping are the responsibility of the purchaser. **We reserve the right to 20 straws of semen back for any buck sold for the cost of collection. Additionally, we ask that you refrain from marketing semen from your Lynnhaven buck until you have had an opportunity to evaluate daughters in milk.**
